

THE HORSE – HUMAN CONNECTION EQUINE ASSISTED LEARNING WORKSHOP

Our most profound growth as human being is achieved through our relationships. In today's fast paced and busy world there is a deep need and longing for these types of meaningful relationships. This is a non-riding experiential workshop where the dynamic and powerful horse will serve as a guide in creating deep and significant relationships with ourselves, others and the horse.

In this workshop you will restore, rediscover and reawaken the depths of who you really are and learn new paradigms in mind-body awareness. You will partner with a horse to

harness your intention, develop clarity and connection, learn authenticity in action and learn how to whole-heartedly live creatively. The lessons taught by the horse will help you ride into a new direction with the horse as your guide to awaken and discover your own grace and power.
